**SKYTECH SARAS  
CALIBRATION  
LABS PVT LTD**

## **WHO WE ARE**

**SKYTECH LAB**, a NABL accredited laboratory is a well-equipped calibration laboratory. **SKYTECH LAB** guarantees the efficiency of your instrument and provides, full-service lab and on-site services. For accurate and reliable results, we have invested significantly in hi-tech and modern equipment that conform to national & international standards. The lab's calibration services conform to the highest regulatory and audit requirements of various industries, like Heavy Industries, Manufacturing Industries, etc... Our Calibration services are technically evaluated and approved by Utilities and major clients. **SKYTECH LAB** is a specialized independent unit within skytech & instruments which is a part of the skytech group of companies.

## Our **Combative Edge**

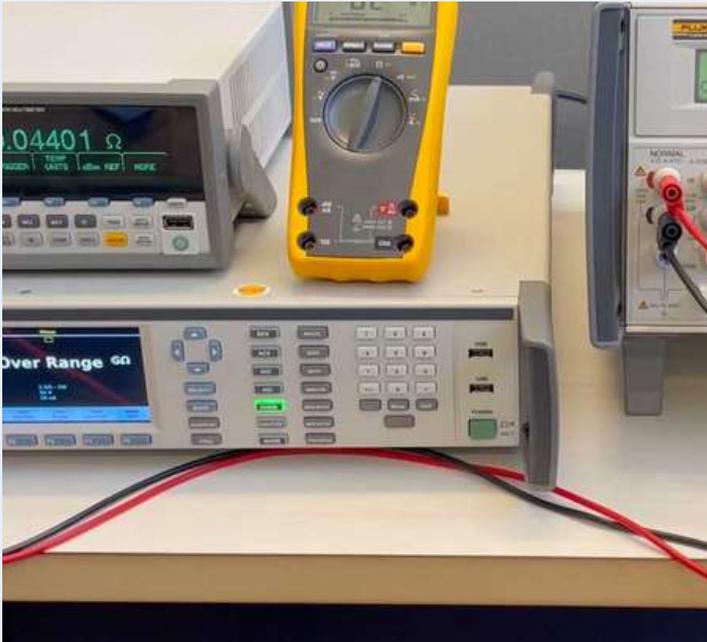

- Our laboratories are environmentally controlled, ensuring the correct atmosphere for the precise measurements.
- Calibrate a wide range of electrical, thermal or mechanical instrument and equipment in our centralized facility.
- Our Laboratory's ultramodern facility is accredited by NABL.
- Our services are in full compliance with the **ISO 17025 Standards**.
- Every measuring instrument calibrated/recalibrated by high precise nabl accredited laboratory and **we maintain uncertainties**. Further, the records are maintained for at least 5 years enabling us to send you periodical reminders.
- Our trained technicians can Calibrate instruments ranging from the simplest meter to the most complex multifunction calibrator.

# Laboratory Calibration Services

**Our focus and commitment to excellence have made us one of the largest and leading calibration solutions provider in the region. We attribute our success to the modern techniques, value for money and the quality driven service. In addition, our high-quality calibration laboratory services include documentation to satisfy your industry and regulatory or audit requirements. Our well-equipped lab implements the use of various parameters to ensure that the instrument sent to us for calibration are thoroughly checked and rectified so that you can be assured of an optimum accuracy on the machines that we have calibrated at our lab. Huge investment in manpower to guarantee resource availability for [on-site work](#).**

## Electrical

### Calibration Parameters:

- AC VOLTAGE
- DC VOLATAGE
- AC CURRENT
- DC CURRENT
- AC POWER
- DC POWER
- RESISTANCE
- CAPACITANCE
- HIGH VOLTAGE
- OCCILLOSCOPE
- TEMPERATURE SIMULLATION
- MULTIFUNCTION CALIBRATOR
- PRECISION MULTIMETER
- POWER & ENERGY METER

## Thermal

### Calibration Parameters:

- TEMPERATURE
- HUMIDTY
- MAPPING CALIBRATION
- CHAMBER CALIBRATION
- OVENS

## Pressure

### Calibration Parameters:

- HYDROLIC PRESSURE
- PNUEMATIC PRESSURE
- VACCUME
- DEADWEIGHT TESTER
- PRESSURE GAUGES

## TORQUE

### Calibration Parameters:

- TORQUE TESTERS
- TORQUE TRANSDUCERS
- TORQUE WRENCHES

## MASS

### Calibration Parameters:

- STANDARD WEIGHTS
- WEIGHING BALANCE
- WEIGHING SCALES

## DIMENSION

### Calibration Parameters:

- MICROMETER & VERNIER CALIPERS
- DEPTH & HEIGHT GAGES
